

The lakes and streams of New Hampshire offer a wide variety of fishing choices. A few trip suggestions are...

- ✓ Fly fishing rivers & streams for brook trout.
- ✓ Trolling the larger lakes for salmon or lake trout.
- ✓ Canoeing on small ponds for bass.
- ✓ Kayaking in trout ponds for brook trout and rainbows.

These are all areas that our guides are experienced and excel in.

Fly Casting Instruction is also available for the beginner or novice. Our guides will take the time to explain the "Why and How" of fly fishing in a hands on, stream side environment. We'll cover topics like...

- ✓ Recognizing areas of a stream that are most likely holding trout.
- ✓ The life cycle of insects.
- ✓ When is the best time to fish and why.

A loan of fly fishing equipment will be provided if needed.

*Please give us a call to discuss and plan your next New Hampshire Fishing Trip.
Good Luck!*

REEL & CREEL Guide Service

Providing Guided Fishing Trips On The Lakes & Streams Of New Hampshire

We at Reel & Creel Guide Service are dedicated to providing you with a memorable and rewarding fishing experience.

Based in the Monadnock Region of New Hampshire, we offer a full range of guided fishing packages to destinations throughout the state. Whether your likes are to go fly fishing in small mountain streams for brook trout or to troll the larger lakes for landlocked salmon and lake trout, we will tailor a trip to your preference.

Fly fishing instruction is an area we excel in. We'll provide one on one training for the beginner or novice. Covering topics like equipment, casting principles and stream strategies.
